PRINCETON JOINT UNIFIED SCHOOL DISTRICT

Dear Students, Parents and Guardians,

State law requires the Princeton Joint Unified School District (DISTRICT) to provide annual notification to students, parents and guardians of their rights and responsibilities pertaining to their child's education. Please read this Annual Notification. The parent or guardian is required to acknowledge their receipt of this notice by signing and returning the signature page to their child's school or DISTRICT program. The parent's or guardian's signature is an acknowledgment that they have been informed of their rights and does not indicate the parent's or guardian's consent for their child to participate or not participate in any particular program listed within the Annual Notification.

Some legislation requires additional notification to the parents or guardians during the school term prior to a specific activity. A separate letter will be sent to the parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate. Other legislation grants certain rights that are to be spelled out in this Annual Notification.

DISTRICT and its Board recognize that parent or guardian involvement in their child's education promotes student achievement and contributes greatly to the student's success. This Annual Notification contains information on the various ways parental involvement is both permitted and encouraged by federal and state laws, as well as DISTRICT's policies. DISTRICT commits to providing a quality education to all of its students in a safe and healthy environment. DISTRICT looks forward to a successful and positive school year, made possible by the dedicated efforts of its administrators, teachers, paraeducators, support staff, students, and parents and guardians.

Please read this Annual Notification carefully and return the signed forms to your student's school or DISTRICT as soon as possible.

Sincerely,

Korey Williams
Superintendent/Principal
Princeton Joint Unified School District

C. Sexual Harassment Policy-EC 231.5, 48980(g), 48900.2

DISTRICT will not tolerate sexual harassment by anyone participating in any DISTRICT program or activity. This includes student-to-student or peer sexual harassment as well as harassment between a student and any DISTRICT participant. DISTRICT takes all complaints of sexual harassment seriously, investigates and addresses identified sexual harassment, and if the investigation results in the determination that sexual harassment has occurred, takes reasonable, immediate corrective action to stop the harassment, eliminate a hostile environment, and prevent future sexual harassment. Alleged pupil sexual harassment in violation of DISTRICT policy or federal or state law will be handled pursuant to DISTRICT policy and procedures which can be found online at www.pjUSD.org. A pupil in grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined below.

California Education Code section 212.5 defines sexual harassment as any unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from or in the work or educational setting, under any of the following conditions:

- a. Submission to the conduct is explicitly or implicitly made a term or a condition of an individual’s employment, academic status, or progress.
- b. Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.
- c. The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
- d. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

D. Hate Violence-EC 48900.3

A pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, or threatened to cause, or participated in an act of, hate violence, as defined in EC 233(e).

E. Harassment, Intimidation or Threats-EC 48900.4

A pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

F. Terroristic Threats Against School Officials, School Property or Both-EC 48900.7

A pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both. A “terroristic threat” includes any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

G. Suspension/Expulsion: Alternative and Other Means of Correction-EC 48900, 48900.5, 48911

Generally, suspension shall be imposed only when other means of correction fail to bring about proper conduct. DISTRICT may document other means of correction short of suspension and expulsion and place the documentation in the pupil’s record. Other means of correction may include: a conference between school personnel, the pupil’s parent or guardian and the pupil; referrals to the school counselor or psychologist; study teams, guidance teams or other intervention-related teams that assess behavior and develop and implement behavior plans; referral for psycho-educational assessment; after-school programs that address specific behavioral issues; and community service on school grounds during non-school hours. A pupil may be suspended, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil’s presence causes a danger to persons. A suspension shall be preceded by an informal conference between the principal, the principal’s designee or the district’s superintendent of schools and the pupil, and whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At this conference, the pupil shall be informed of the reason for the disciplinary action and other means of correction that were attempted before the suspension.

RIGHTS AND OPTIONS AVAILABLE TO PREGNANT AND PARENTING PUPILS- EC 46015

A pregnant or parenting pupil is defined as any pupil who gives or expects to give birth, or any parenting pupil who identifies as the parent of an infant. Pregnant and parenting pupils are entitled to at least eight weeks of parental leave, which can be taken before birth of the pupil's infant if there is a medical necessity, or after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The pupil is neither required to take time off nor notify their school that they are doing so; this is a guaranteed minimum right that can be expanded if deemed medically necessary. Parental leave will be considered an excused absence, and the pregnant or parenting pupil is not required to complete any academic work during this period.

A pregnant or parenting pupil may return to their previous school and course of study, and is entitled to make up opportunities for any work missed during the leave. These students are allowed to enroll in a fifth year of high school in order to complete any state or local graduation requirements, except when the school finds that the pupil is reasonably able to complete these requirements in time to graduate high school by the end of their fourth year.

A pregnant or parenting pupil who does not wish to reenroll in his or her previous school is entitled to alternative education options offered by the local education agency. If so enrolled, the pupil shall be given educational programs, activities, and courses equal to those they would have been in if participating in the regular program. Furthermore, a school may not penalize a student for using any of the accommodations mentioned above.

If a student believes that his or her school is discriminating on the basis of sex in opposition to the rights and entitlements listed above, that student can file a complaint through the standard Uniform Complaint Procedures of *California Code of Regulations*, Title 5 Sections 4600, et. seq.

CALIFORNIA HEALTHY YOUTH ACT-EC 51934, 51938

Students enrolled in DISTRICT programs or activities may receive instruction in personal health and public safety, which may include accident prevention, first aid, fire prevention, conservation of resources, and health education including comprehensive sexual health education and HIV prevention.

DISTRICT plans to provide comprehensive sexual health education and/or HIV prevention education during the school year. The instruction shall include, among other things, information about sexual harassment, sexual abuse, and human trafficking. Information on human trafficking shall include both of the following:

- Information on the prevalence, nature, and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance; and
- Information on how social media and mobile device applications are used for human trafficking.

Students will be taught by DISTRICT personnel. If DISTRICT decides to arrange for an outside consultant to provide comprehensive sexual health education and/or HIV prevention education, DISTRICT will provide notice to parents no fewer than 14 days before the instruction is delivered by mail or another form of communication.

A pupil's parent or guardian has the right to request from DISTRICT, a copy of the California Healthy Youth Act, Education Code section 51930, *et. seq.* A pupil's parent or guardian also has the right to inspect and review the written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education.

A pupil's parent or guardian may submit a written request to excuse the pupil from participation in any class involving comprehensive sexual education or HIV prevention education by submitting their request in writing to DISTRICT.

DISTRICT may administer for pupils in grades 7 to 12 inclusive, anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex. A parent or guardian may excuse their child from the test, questionnaire, or survey by opting out of their student's participation in the tests, questionnaires or surveys. An opt-out form is provided within these notifications. Parents or guardians have a right review the test, questionnaire, or survey if they wish.

The excused pupil shall not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

While comprehensive sexual health education, HIV prevention education, or anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks is being administered, an alternative educational activity shall be made available to pupils whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey. IMMUNIZATION AND COMMUNICABLE DISEASES-EC 48216, 49403

DISTRICT shall follow all laws, rules, and regulations regarding immunizations required for students to enroll. DISTRICT shall not admit any student until the student is properly immunized as required by law. If there is good cause to believe a student has been exposed to a disease and his or her proof of immunization does not show proof of immunization against that disease, DISTRICT may temporarily exclude the child from school until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

If the parent or guardian files with the governing authority a written statement by a licensed physician to the effect that the physical condition of the child is such, or medical circumstances relating to the child are such, that immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances, including, but not limited to, family medical history, for which the physician does not recommend immunization, that child shall be exempt from the immunization requirements.

Effective January 1, 2016: The California Legislature eliminated the exemption from specified immunization requirements based upon personal beliefs. A pupil who, prior to January 1, 2016, submitted a letter or affidavit on file with DISTRICT stating beliefs opposed to immunization shall be allowed enrollment to any DISTRICT school until the pupil enrolls in the next grade span. Schoolchildren are examined for vision, hearing, and curvature of the spine at selected grade levels. An opt-out form is included within this notification.

Education Code section 49455 requires a pupil's vision to be appraised by the school nurse or other authorized person during kindergarten or upon first enrollment or entry in a California school district of a pupil at an elementary school, and in grades 2, 5, and 8, unless a pupil's first entry or enrollment occurs in grade 4 or 7.

CHILD HEALTH AND DISABILITIES PREVENTION PROGRAM-HSC 124085, 124105

Before a child enters first grade, his or her parents must obtain a waiver or health screening for the child and complete the provided certificate or sign a waiver. The screening should take place before (within the prior 6 months) or during the kindergarten year. Parents are encouraged to obtain health screening simultaneously with required immunizations. Parents may inquire in the school office about free health screenings for low-income children provided under the Child Health and Disabilities Prevention Program.

FOSTER YOUTH BILL OF RIGHTS-EC 48853; 48853.5; 49069.5; 51225.1; 51225.2

“Pupil in foster care” means a child who has been removed from their home pursuant to Section 309 of the Welfare and Institutions Code (“WIC”), is the subject of a petition filed under Section 300 or 602 of the WIC, or has been removed from their home and is the subject of a petition filed under WIC section 300 or 602.

A pupil in foster care who is placed in a licensed children's institution or foster family home shall attend programs operated by the local educational agency in which that licensed children’s institution or foster family home is located, unless one of the following applies:

1. The pupil is entitled to remain in their school of origin;
2. The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school, or in another local educational agency.
3. The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 (“educational rights holder”), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the local educational agency that they have made that determination. This statement shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:
 - a. The pupil has a right to attend a regular public school in the least restrictive environment.
 - b. The alternate education program is a special education program, if applicable.
 - c. The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.
 - d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.

The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the pupil in foster care in a juvenile court school, a community school, or another alternative educational setting.

A pupil in foster care may still be subject to expulsion under applicable law and board policy.

Pupils in foster care are subject to other laws governing the educational placement in a juvenile court school, of a pupil detained in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, notwithstanding the rights contained in this notice.

Children in foster care living in emergency shelters (as referenced in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11301, et seq.)), may receive educational services at the emergency shelter as necessary for short periods of time for either of the following reasons:

1. For health and safety emergencies.
2. To provide temporary, special, and supplementary services to meet the child's unique needs if a decision regarding whether it is in the child's best interests to attend the school of origin cannot be made promptly, it is not practical to transport the child to the school of origin, and the child would otherwise not receive educational services.

The educational services may be provided at the shelter pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

DISTRICT has designated Glenn County Office of Education, 311 S. Villa Avenue, Willows, CA 95988, as the educational liaison for pupils in foster care. The role of educational liaison is advisory with respect to placement decisions and determination of school of origin and does not supersede the role of the parent or guardian retaining educational rights, a responsible adult appointed by the court, a surrogate parent or a foster parent exercising their legal rights with respect to the education of the child in foster care. The educational liaison serves the following roles:

1. Ensures and facilitates proper educational placement, enrollment in school, and checkout from school for children in foster care;
2. Assists children in foster care when transferring from one school to another school or from one school district to another school district in ensuring proper transfer of credits, records and grades.
3. When designated by the Superintendent, notifies a child in foster care's attorney and child welfare agency representative(s) of pending disciplinary proceedings and pending manifestation determination proceedings if they are also eligible to receive special education and related services under the IDEA.

At the initial detention or placement by the Juvenile Court, or any subsequent change in placement of a child in foster care by the Court, the local educational agency serving the child shall allow them to continue their education in the school of origin for the duration of the jurisdiction of the court. If the jurisdiction of the court is terminated prior to the end of the academic year:

1. Former children in foster care in grades kindergarten, or 1 to 8, inclusive, shall be allowed to continue their education in the school of origin through the duration of the academic year;
2. Former children in foster care in high school shall be allowed to continue their education in the school of origin through graduation;
3. Transportation is not required unless the former child in foster care has an IEP and the IEP team determines transportation is a necessary related service, required by the unique educational needs of the pupil in order to benefit from their special education program. Transportation may be provided at the local educational agency's discretion. The rights of these youth do not supersede any other law governing special education for eligible children in foster care.
4. To ensure that children in foster care have the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts, if a child in foster care is transitioning between school grade levels, they shall be allowed to continue in the school district of origin in the same attendance area, or, if they are transitioning to a middle school or high school, and the school designated for matriculation is in another school district, to the school designated for matriculation in that school district.

In consultation with the child in foster care and educational rights holder, the educational liaison may recommend that they waive their right to attend the school of origin and enroll in a public school within their attendance area. The educational liaison's recommendation must be accompanied by a written explanation for the basis of the recommendation and how it serves the child in foster care's best interests.

1. If the educational liaison, child in foster care, and educational rights holder agree it is in the best interest of the child to waive their right to attend the school of origin and attend the recommended school, the child in foster care shall immediately be enrolled within the recommended school.
2. The recommended school shall immediately enroll the child in foster care regardless of any outstanding fees, fines, textbooks or moneys due to any previous schools of attendance or if the child in foster care is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including proof of immunization, proof of residency or other documentation.
3. Within two business days of the request for enrollment, the educational liaison for the new school shall contact the school last attended by the child in foster care to obtain all academic and other records. The last school attended by the child in foster care shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. The educational liaison for the school last attended shall provide a complete copy of their education record to the new school within two business days of receiving the request.

If any dispute arises as to the school placement of a pupil under this section, the pupil has the right to remain in their school of origin, pending resolution of the dispute.

“School of origin” means the school that the child in foster care attended when permanently housed or the school in which the child in foster care was last enrolled. If the school the child in foster care attended when permanently housed is different from the school in which they were last enrolled, or if there is some other school that they attended with which they are connected and that they attended within the immediately preceding 15 months, the educational liaison, in consultation with, and with the agreement of, the child and the educational rights holder, shall determine, in the best interests of the child, the school that shall be deemed the school of origin.

If the child in foster care is absent from school due to a decision by a court or placing agency to change their placement, the grades and credits of the child in foster care will be calculated as of the date they left school and no lowering of grades will occur as a result of the absence of the child under these circumstances. If the child in foster care is absent from school due to a verified court appearance or related court ordered activity, no lowering of their grades will occur as a result of the absence of the pupil under these circumstances.

A child in foster care or a pupil who is a homeless youth who transfers between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that they are reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child’s transfer into a school, the local educational agency should determine whether a child in foster care or a pupil who is a homeless youth is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of their option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency’s graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

If the local educational agency fails to provide timely notice of the exemption, the pupil shall be eligible for the exemption, once notified, even if that notification occurs after the termination of the court's jurisdiction of the pupil or after the pupil is no longer considered homeless.

If a child in foster care or a pupil who is a homeless youth is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of their fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of their fourth year of high school, nor shall they be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child in foster care or a pupil who is a homeless youth is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after termination of the court's jurisdiction or after the pupil is no longer considered homeless.

A transfer shall not be requested solely to qualify for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a child in foster care or a pupil who is a homeless youth while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child in foster care or pupil who is a homeless youth to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child in foster care or pupil who is a homeless youth shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

CHILDREN OF MILITARY FAMILIES AND OTHER PROTECTED PUPILS-EC 49701, 51225.1, 51225.2

A pupil who is a “child of a military family” is defined as school-aged child or children, enrolled in kindergarten through twelfth grade, in the household of an active duty member. “Active duty” means full-time status in the active uniformed service of the United States, including member of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. sections 1209 and 1211.

Children of military families who transfer between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that the child of a military family is reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child of a military family’s transfer into a school, the local educational agency should determine whether the child of a military family is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of his or her option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency’s graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the school district shall notify the pupil and the pupil’s parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption.

If the District fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of “a child of a military family.”

If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the child of a military family be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no longer meets the definition of “a child of a military family” while the pupil is enrolled in school or if the pupil transfers to another school or school district.

A school district shall not require and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are homeless, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a).

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- Recognize that the best learning takes place when the student learns because of his desire to learn.
- Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may result in whole or in part from a presentation by his teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the *County Superintendent of Schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information.* This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.”

Can my school prevent me from participating in any educational program or activity?

No, a school may not exclude or deny a pregnant or parenting pupil from any educational program or activity, including class or extracurricular activity, based solely on the pupil's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery. However, a school may require a pupil to obtain a doctor's note to ensure that they are emotionally and/or physically able to continue participation in the educational program.

Can my school force me to take part in a pregnant minor program?

This includes being able to stay for a fifth year of school to complete graduation requirements. The pupil may also enroll in an alternative educational program provided it is equal to that of their former schoolwork.
